Experience

September 2018 – Present Boston, MA

Project Lead

Scout Studio

- Led a team of student designers and developers and managed all client communication in weekly internal and client meetings
- Organized and assigned design and development tasks to team members in weekly sprints

January – June 2018 Boston, MA

CMS Developer Co-op

Rightpoint Consulting

- Developed and maintained the codebase for an AngularJS-based product locator utilized across four separate websites
- Translated static, front-end code into dynamic, server-side components powered by the Microsoft stack for integration with the Sitecore CMS
- Performed defect resolution and front-end maintenance across all browsers during UAT handoffs to ensure high quality production code

September 2017 – April 2018 Boston, MA

Designer + Developer

Scout Studio

- Led development efforts on a REST API with data on all aspects of the organization and its members for use in future internal applications
- Produced varying-fidelity wireframes and built their React counterparts in the creation of a Chrome extension
- Collaborated with designers to compose illustrations that elevated a client's brand

April – June 2016 Spring Lake, NJ

Graphic Design Intern

Rizco Design

- Designed logos, t-shirts, fliers, online and magazine advertisements, and social media posts for an activewear company
- Directed a creative advertising campaign and live video stream for a fashion show
